

About EuroEngineerJobs.com

EuroEngineerJobs.com is the leading recruitment medium for a highly qualified and targeted audience of international engineering experts across Europe.

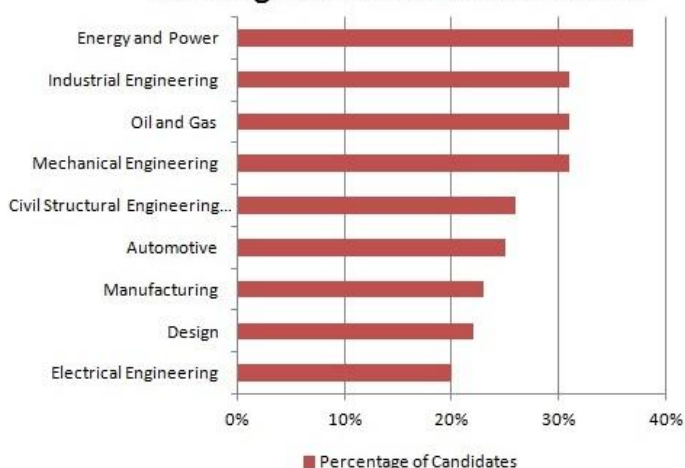

Since its launch in July 2011, the site has grown rapidly, and now attracts an extensive audience of specialised jobseekers:

- EuroEngineerJobs has around 48,000 visits and over 35,000 unique visitors, monthly;
- Over 11,000 Expert Engineers subscribe to our weekly jobs Newsletter;
- Thousands of individual job alerts sent each week
- All actively seeking to improve their career opportunities in a wide range of engineering fields all over Europe.

EuroEngineerJobs Audience

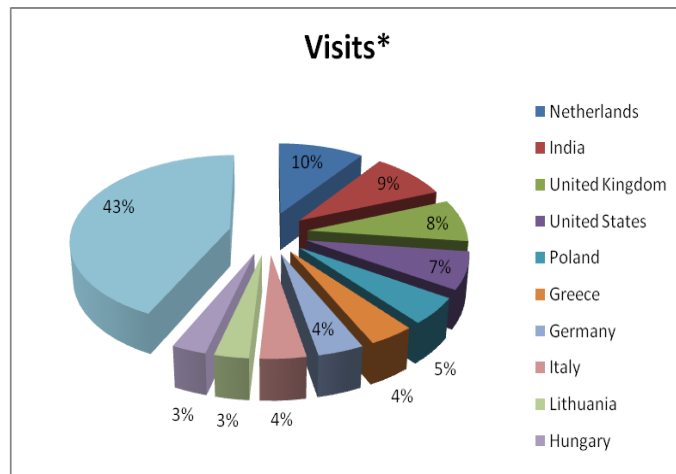

EuroEngineerJobs caters to expert engineering professionals who want to work in Aerospace, Automotive, Chemical, Civil, Electrical, Mechanical and Power Engineering companies all over Europe.

Some of our Clients

Testimonial

"I often advise multinationals within High Tech, Chemical and Manufacturing industries to use EuroEngineerJobs to source highly qualified engineers. **I've successfully used EuroEngineerJobs** for positions such as Process Safety Engineer, Support Engineer, Chemical Engineer and Lean Engineer. Despite complex job profiles and the scarcity of the target audience we were able to generate **good resumes.**" *Senior Consultant, VONQ Online media company*
