

How to secure the life science ecosystem in the Greater Copenhagen Region

Dr. Peter Høngaard Andersen
Managing Director, IFD
November 7th, 2016

Innovation Fund Denmark

Innovation Fund Denmark - Agenda

- “Jammer – kommode”
- I have a dream

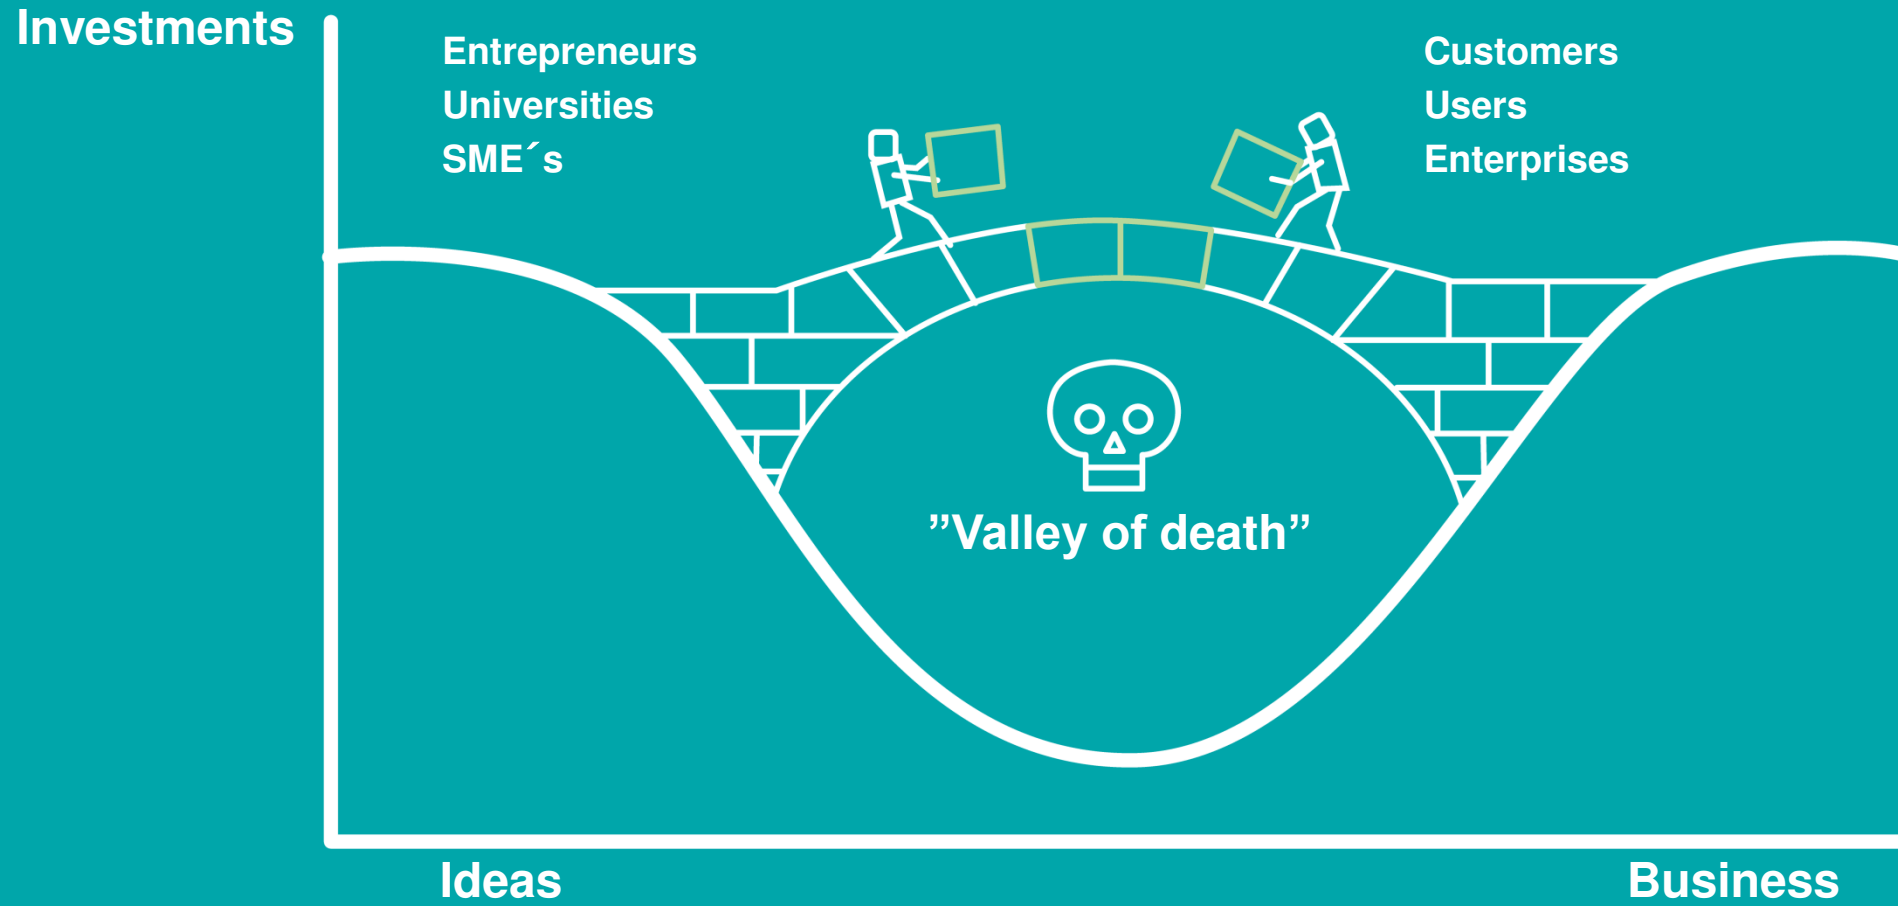

Knowledge based growth

We **invest** in entrepreneurs, researchers and enterprises with the knowledge and right ideas to generate

Growth and employment in Denmark

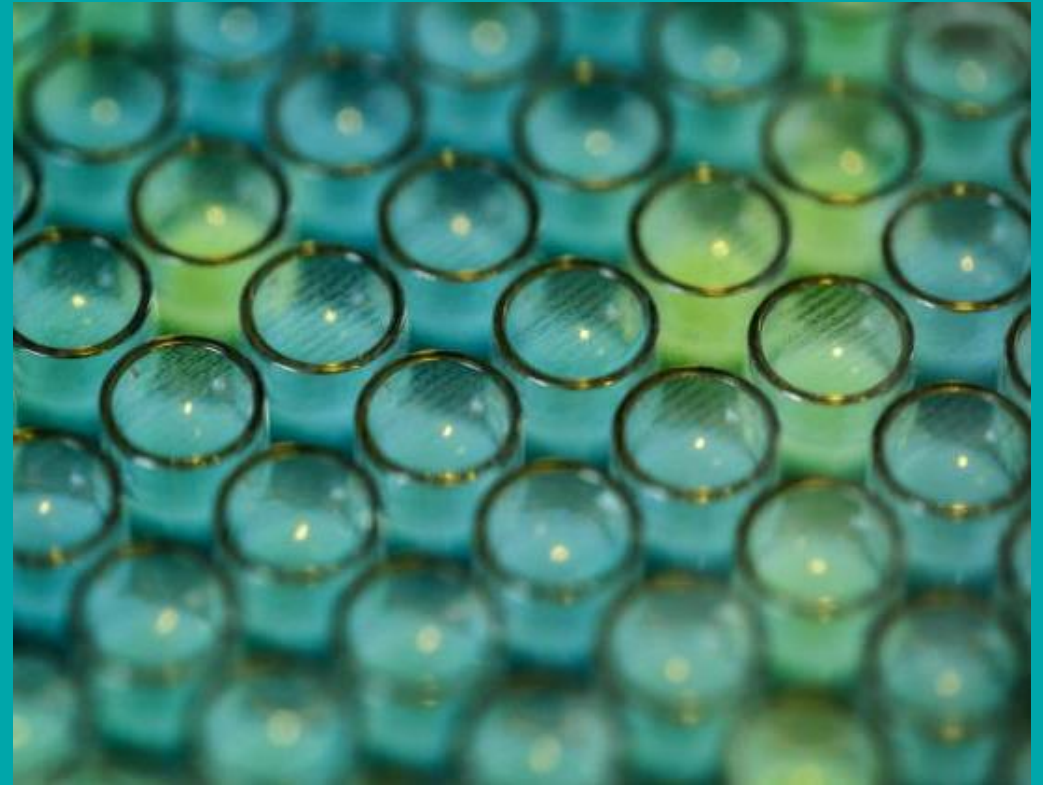

Role of Innovation Fund Denmark

Hard facts

- The Danish pharma -Medico industry exported in 2015 in excess of 85 billion DKK
- Potential for raising the export to beyond 130 billion DKK in 2020

(Facts from Lif, 2016)

Our offer to you

Talent

InnoBooster

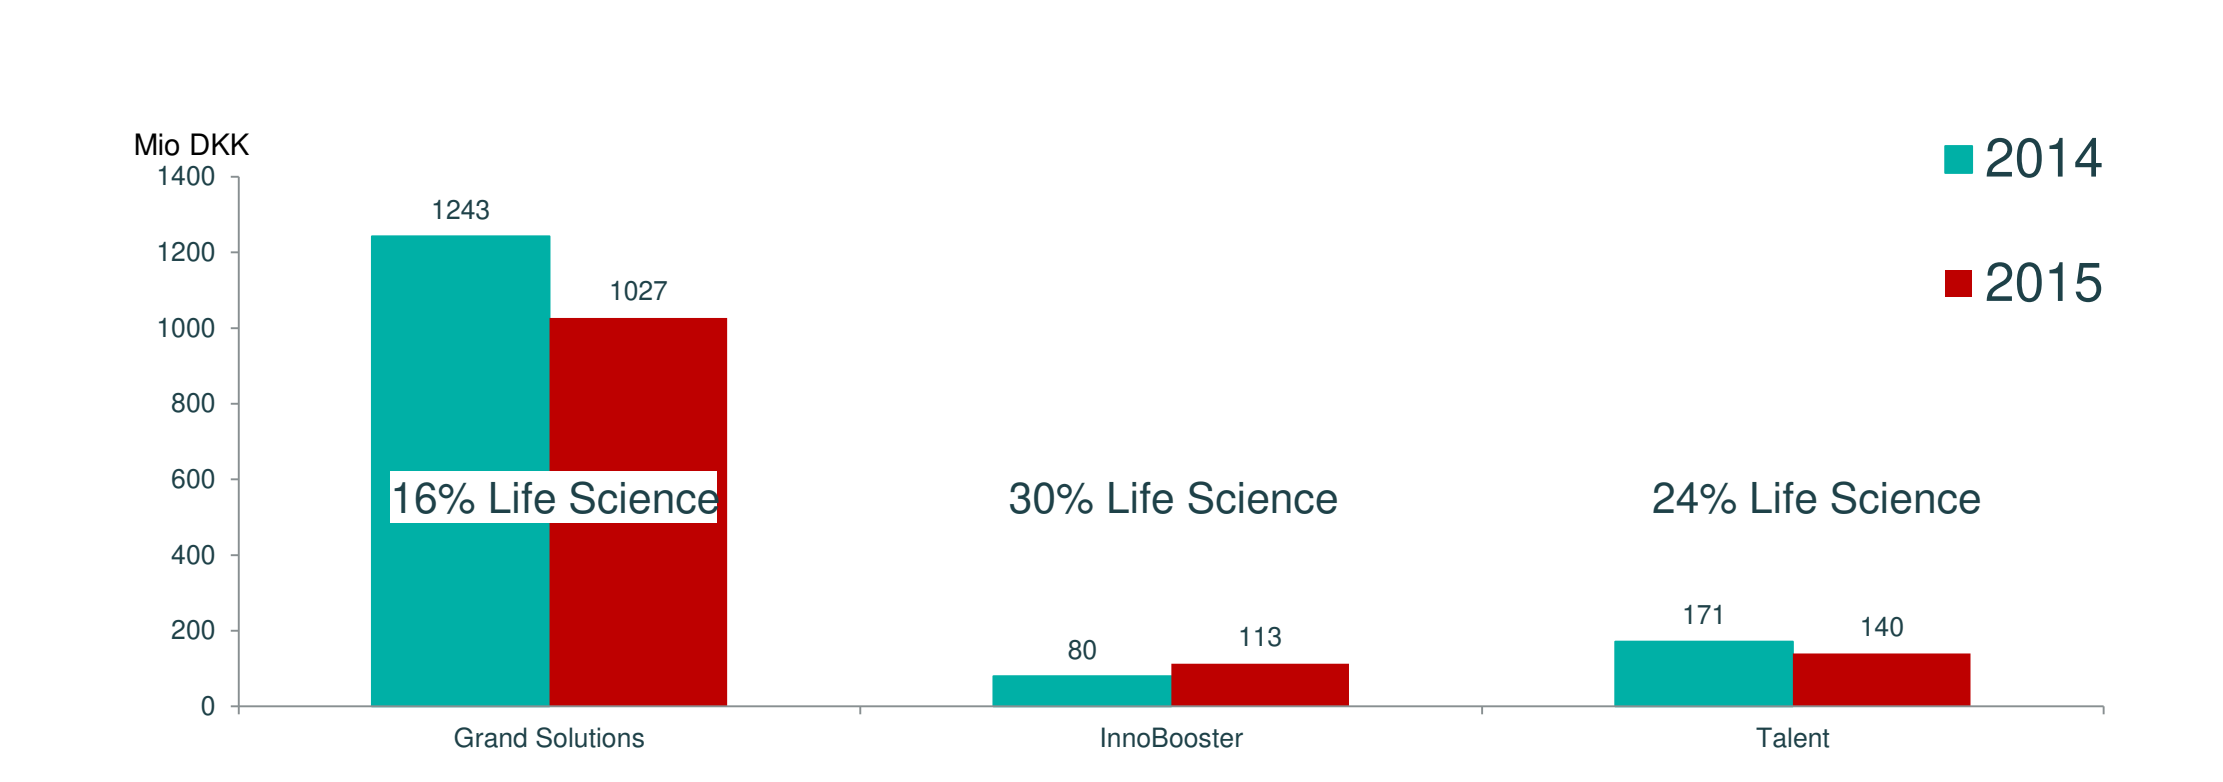

Grand Solutions

Three ways to cross 'the valley'

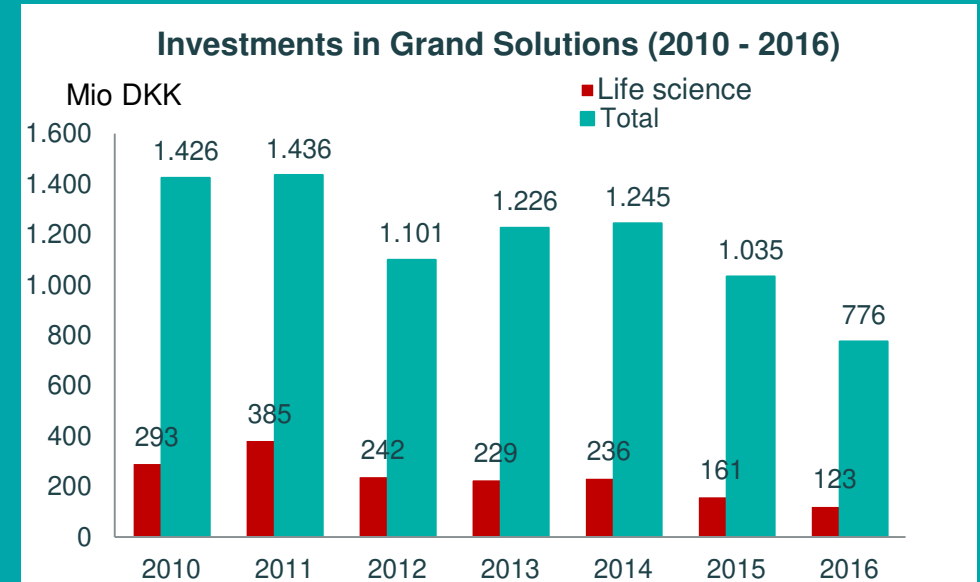

Investments 2014 and 2015

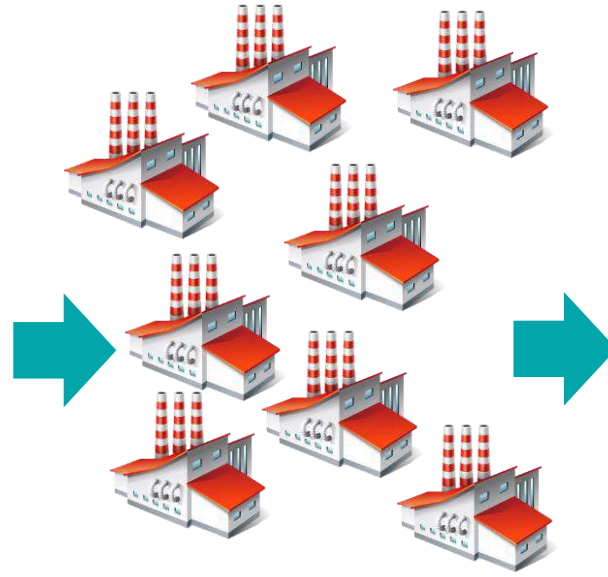

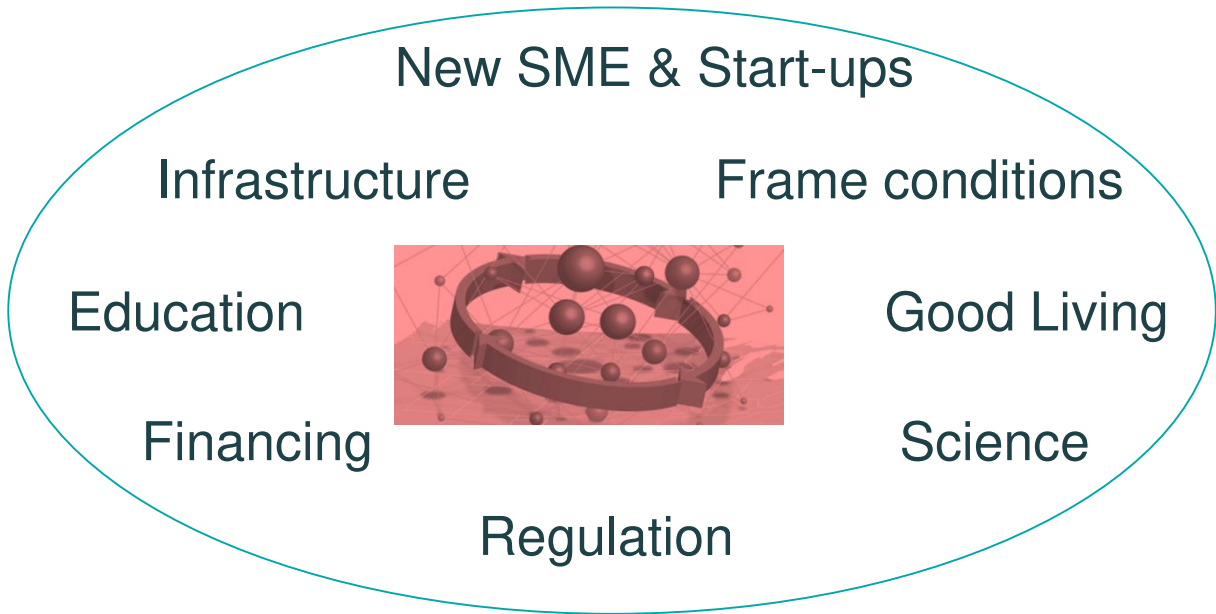

Investments in Grand Solutions

Life science versus total investments

- Total funding reduced by 46% from 2010 to 2016
- Life science funding reduced from 385 mio. kr to 123 mio. kr. (68%)
- Constant high number of applications
- Increasing competition – success rates going down

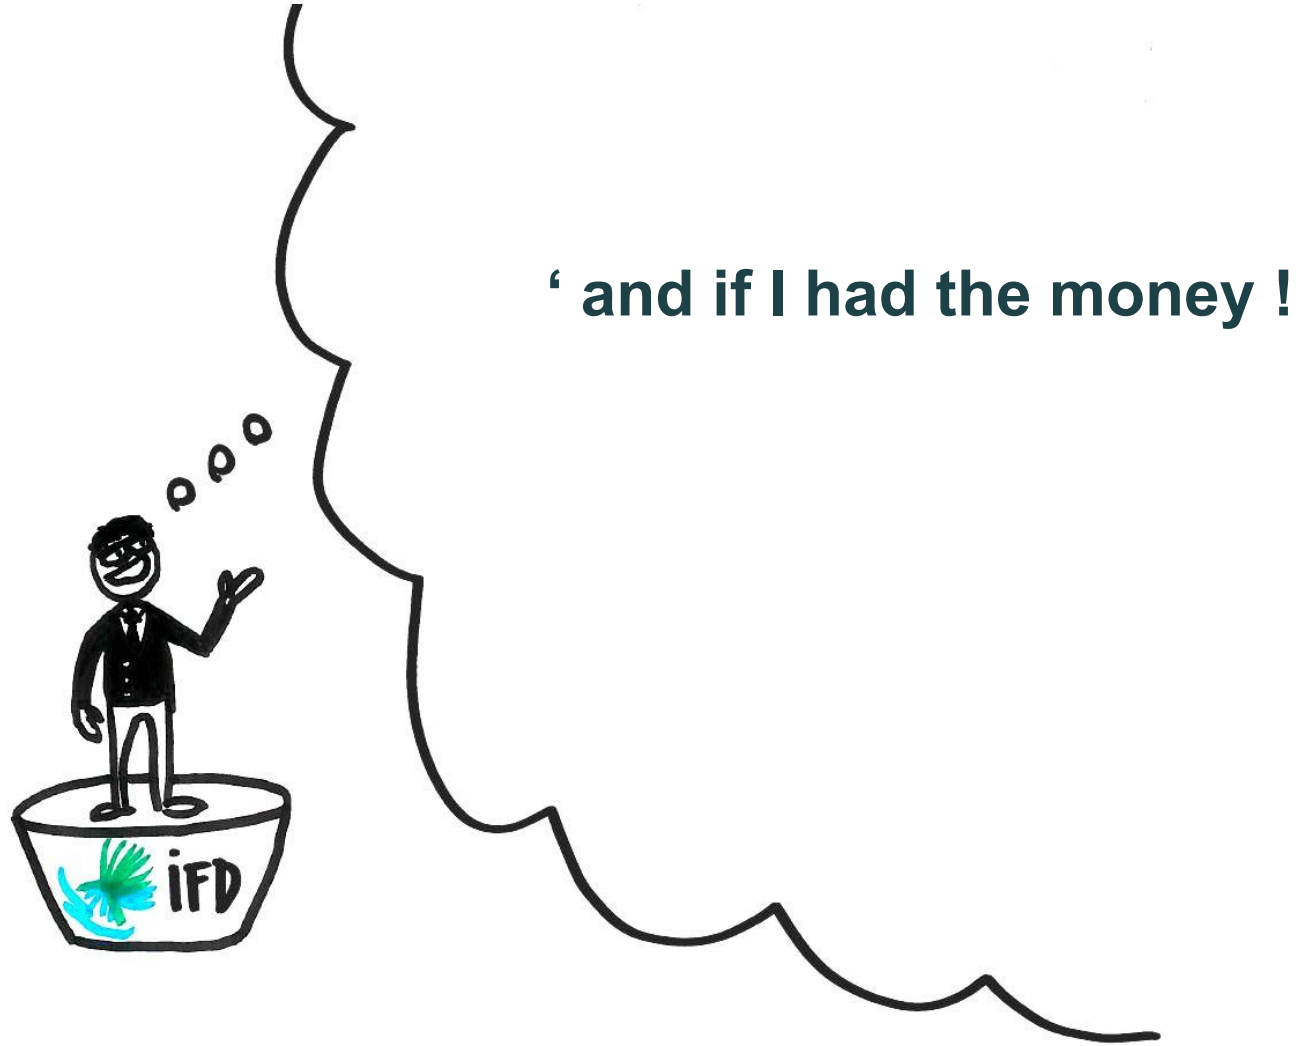

How to “build” a cluster and ensure continuous growth?

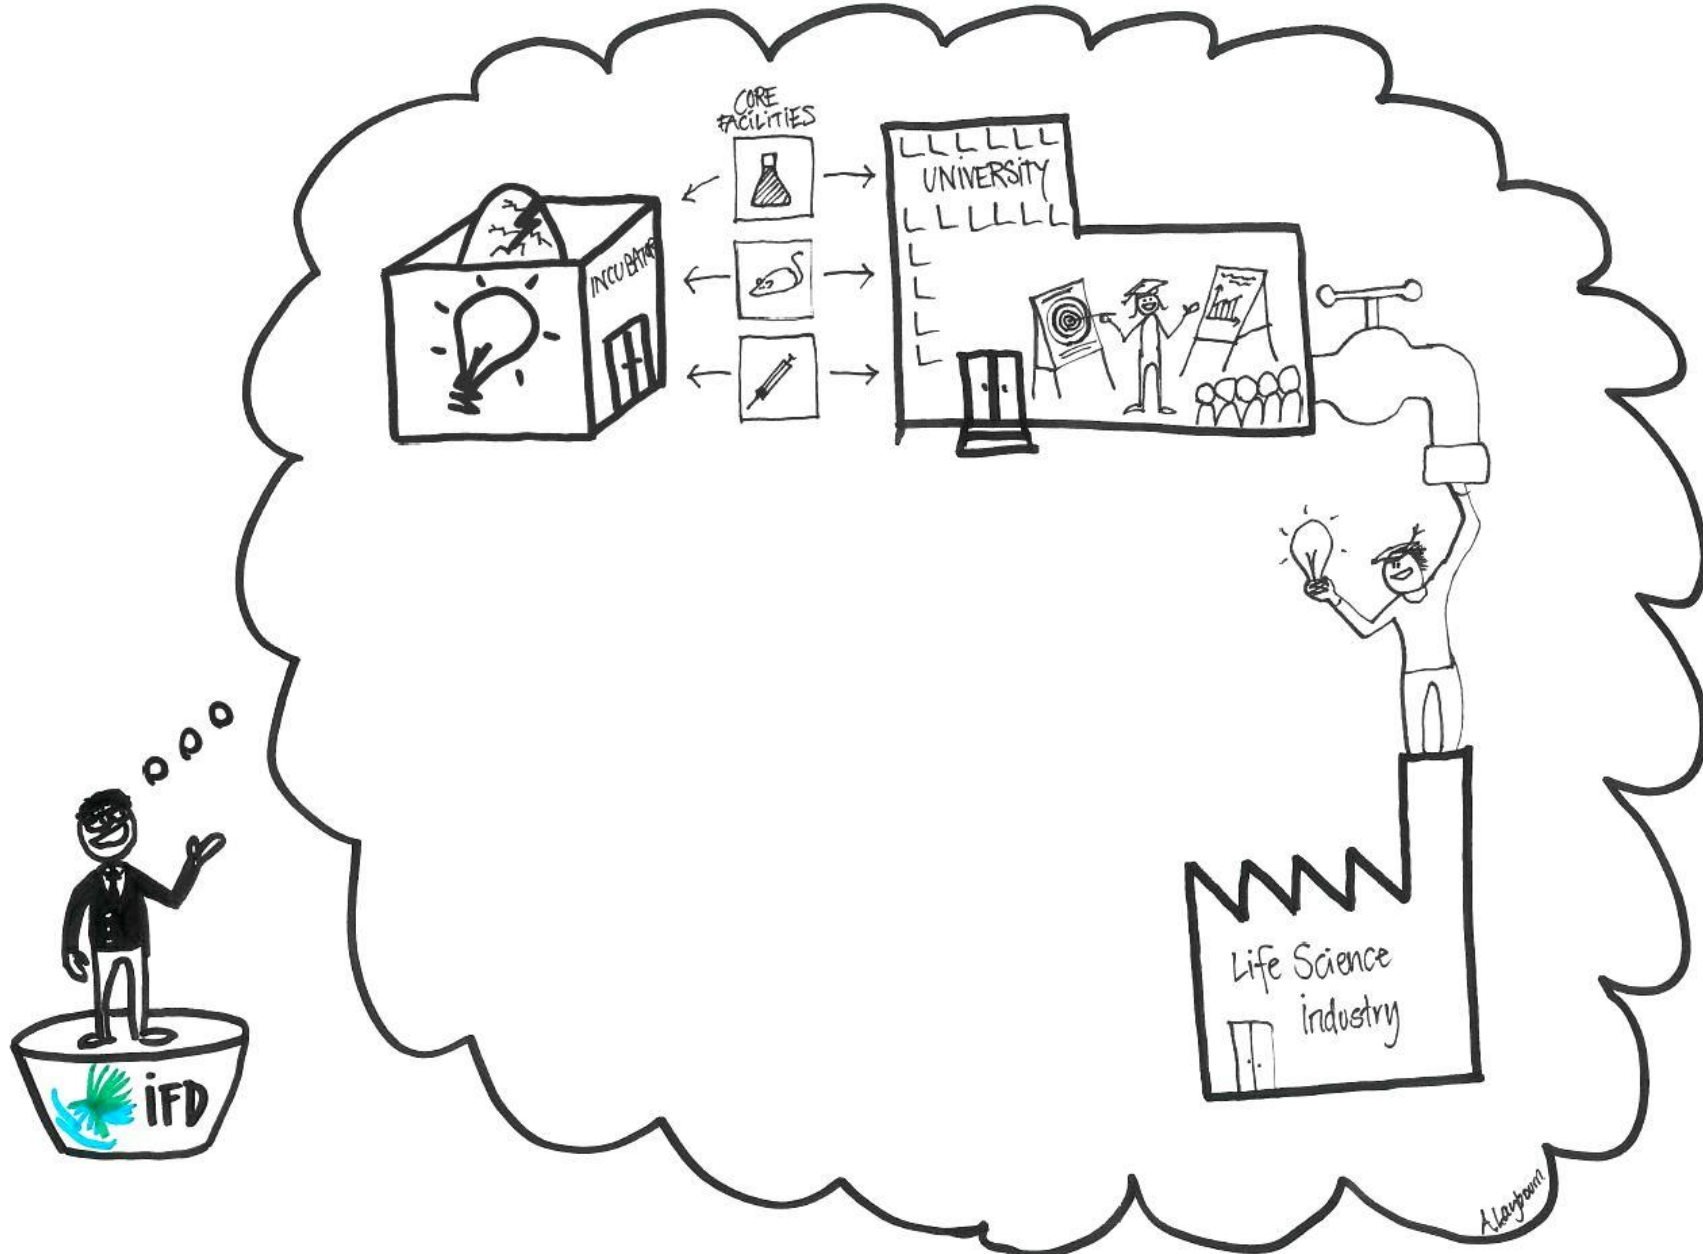

I have...

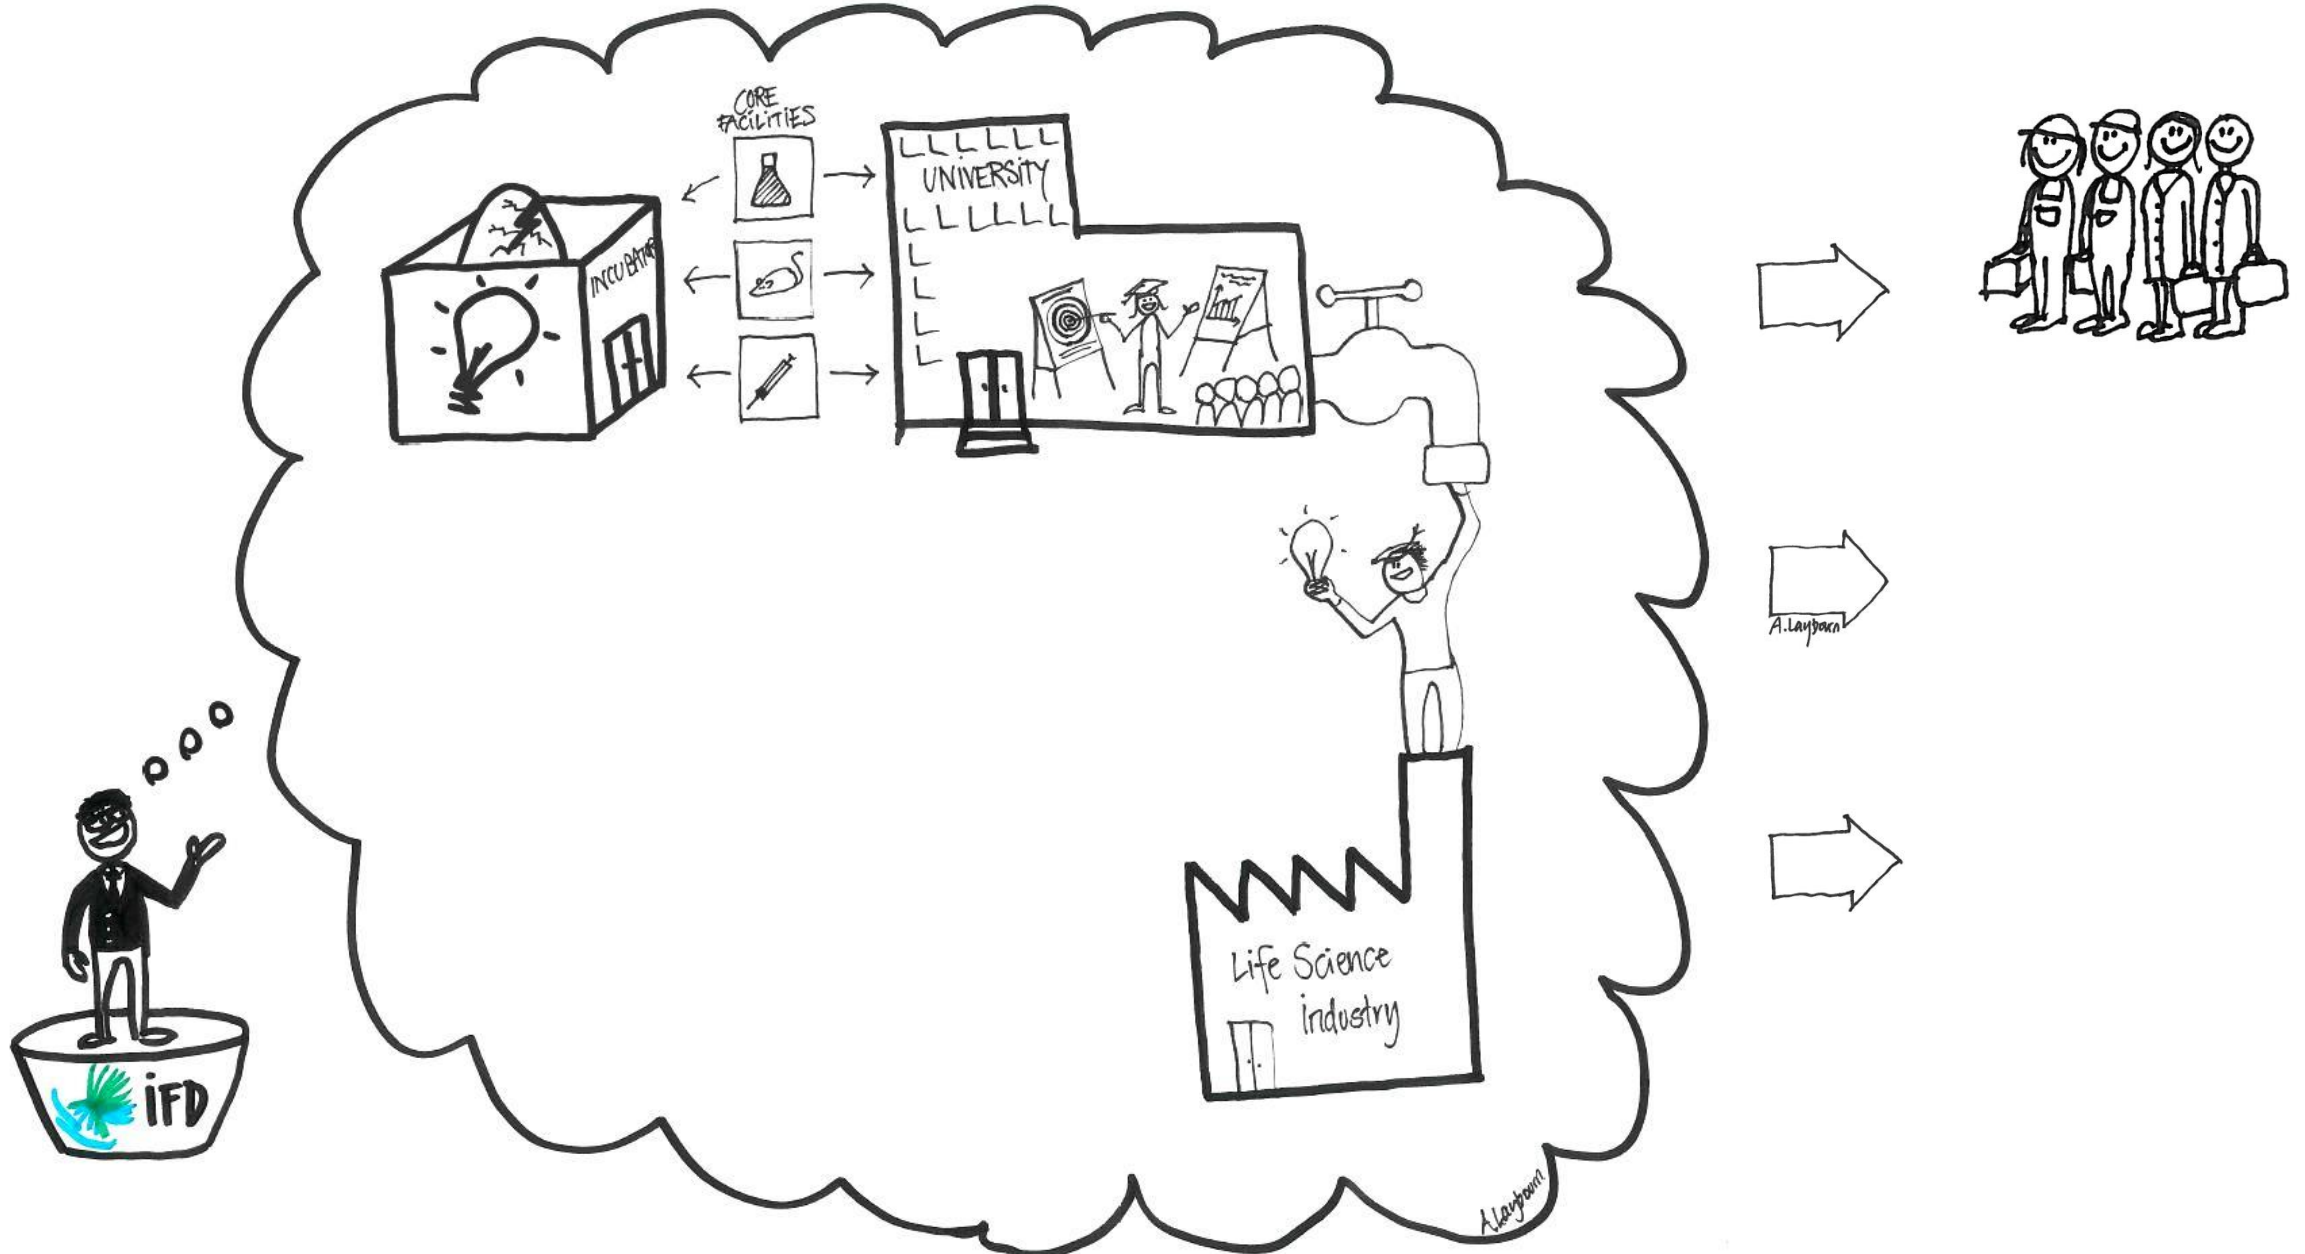

... a dream

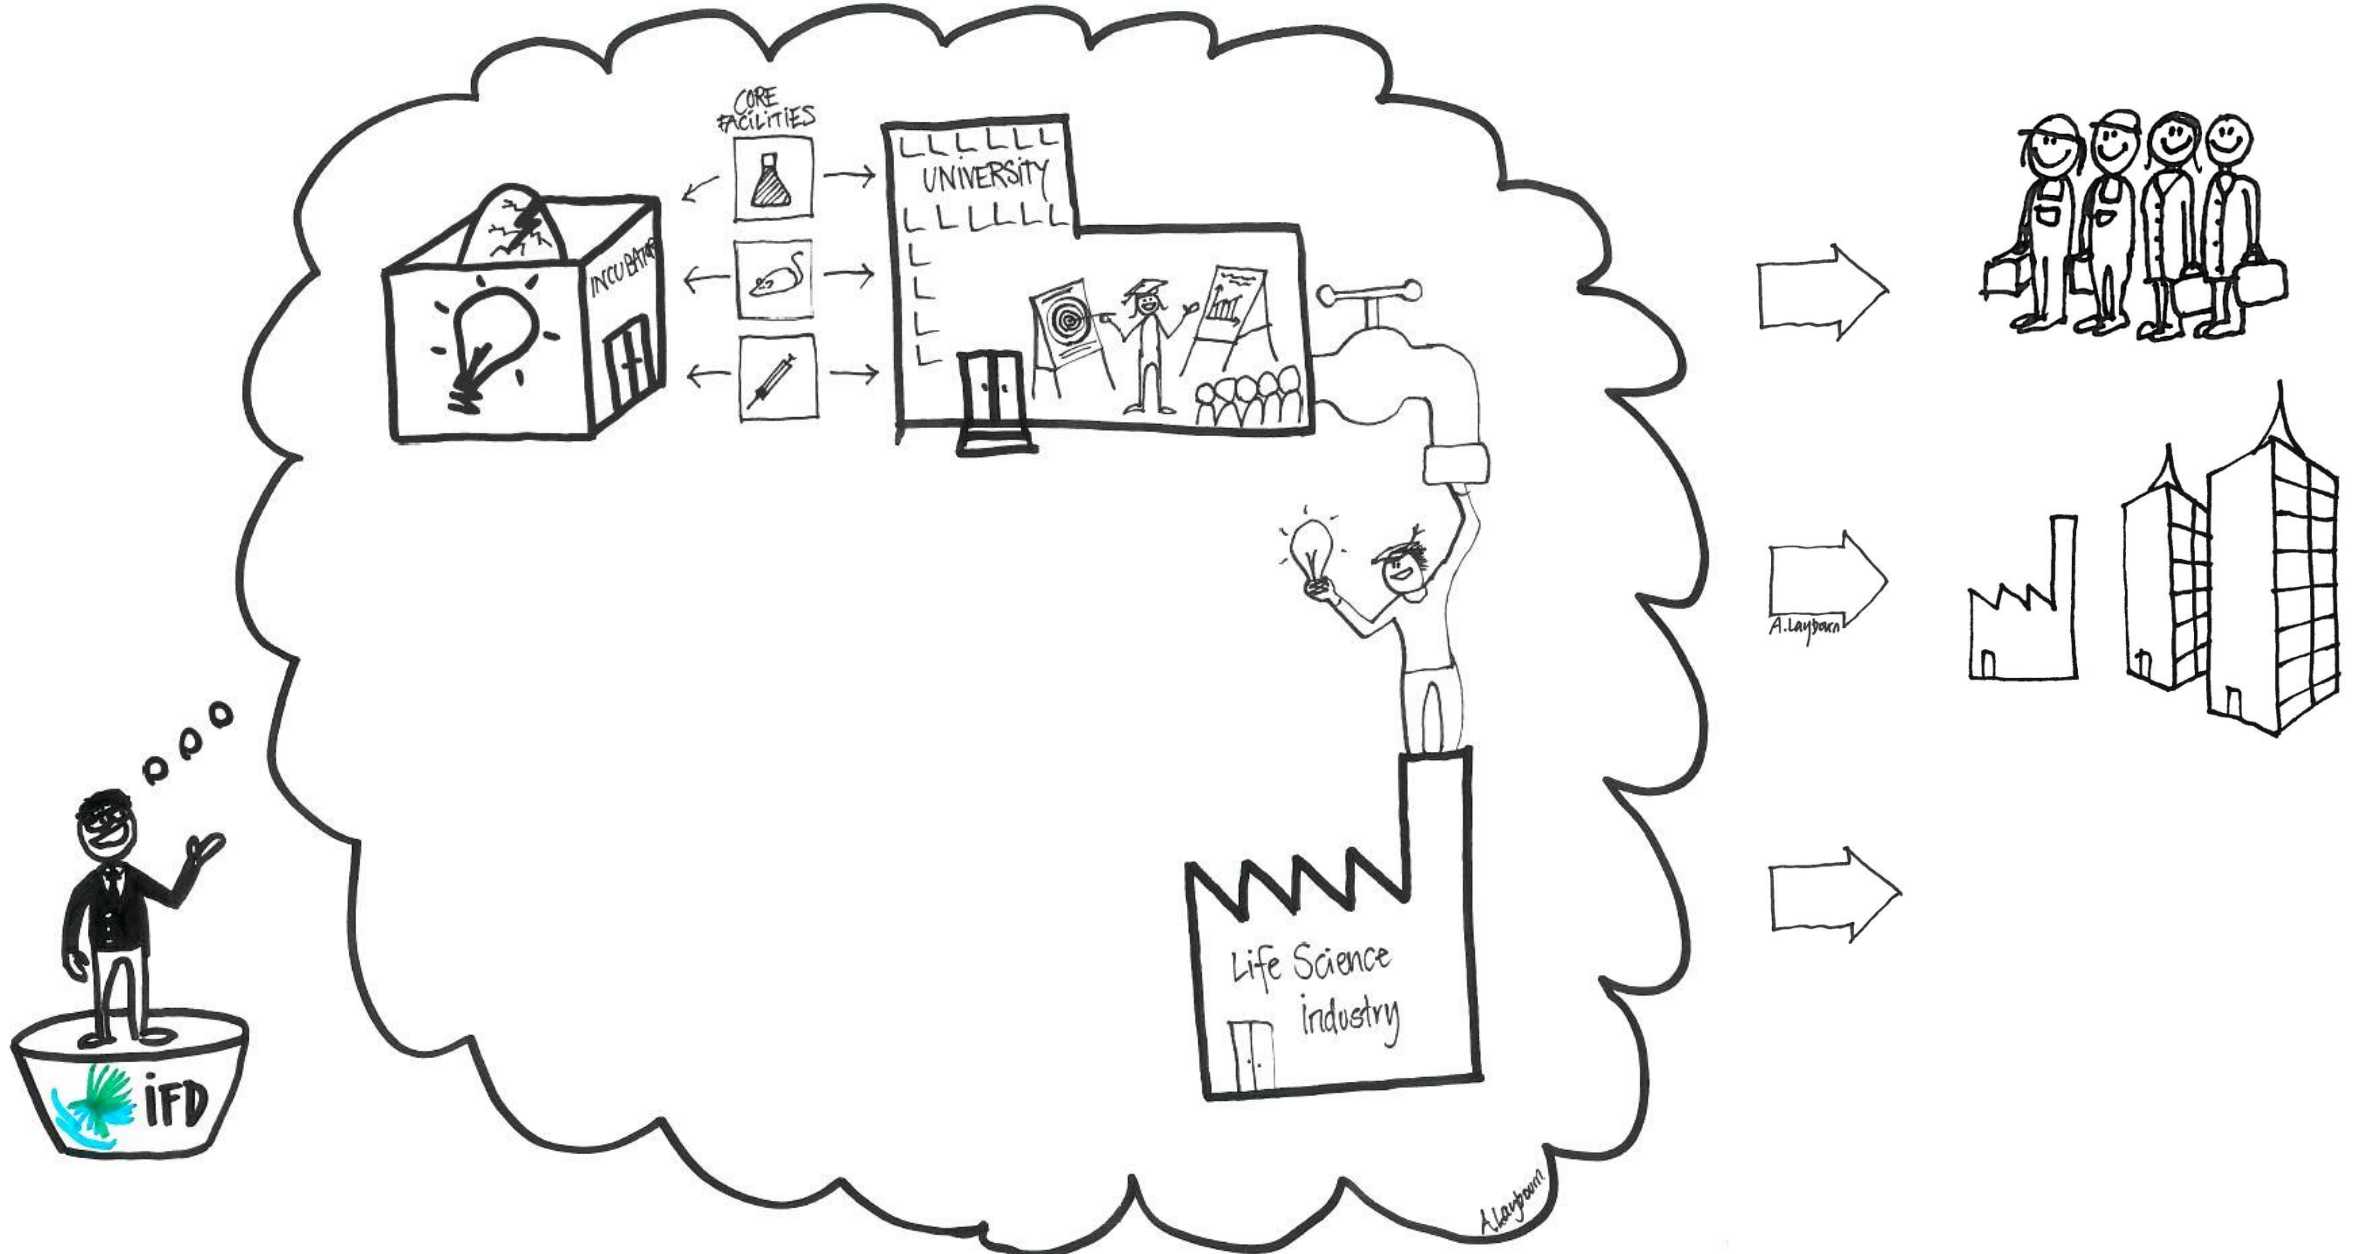

... of an Incubator... ..

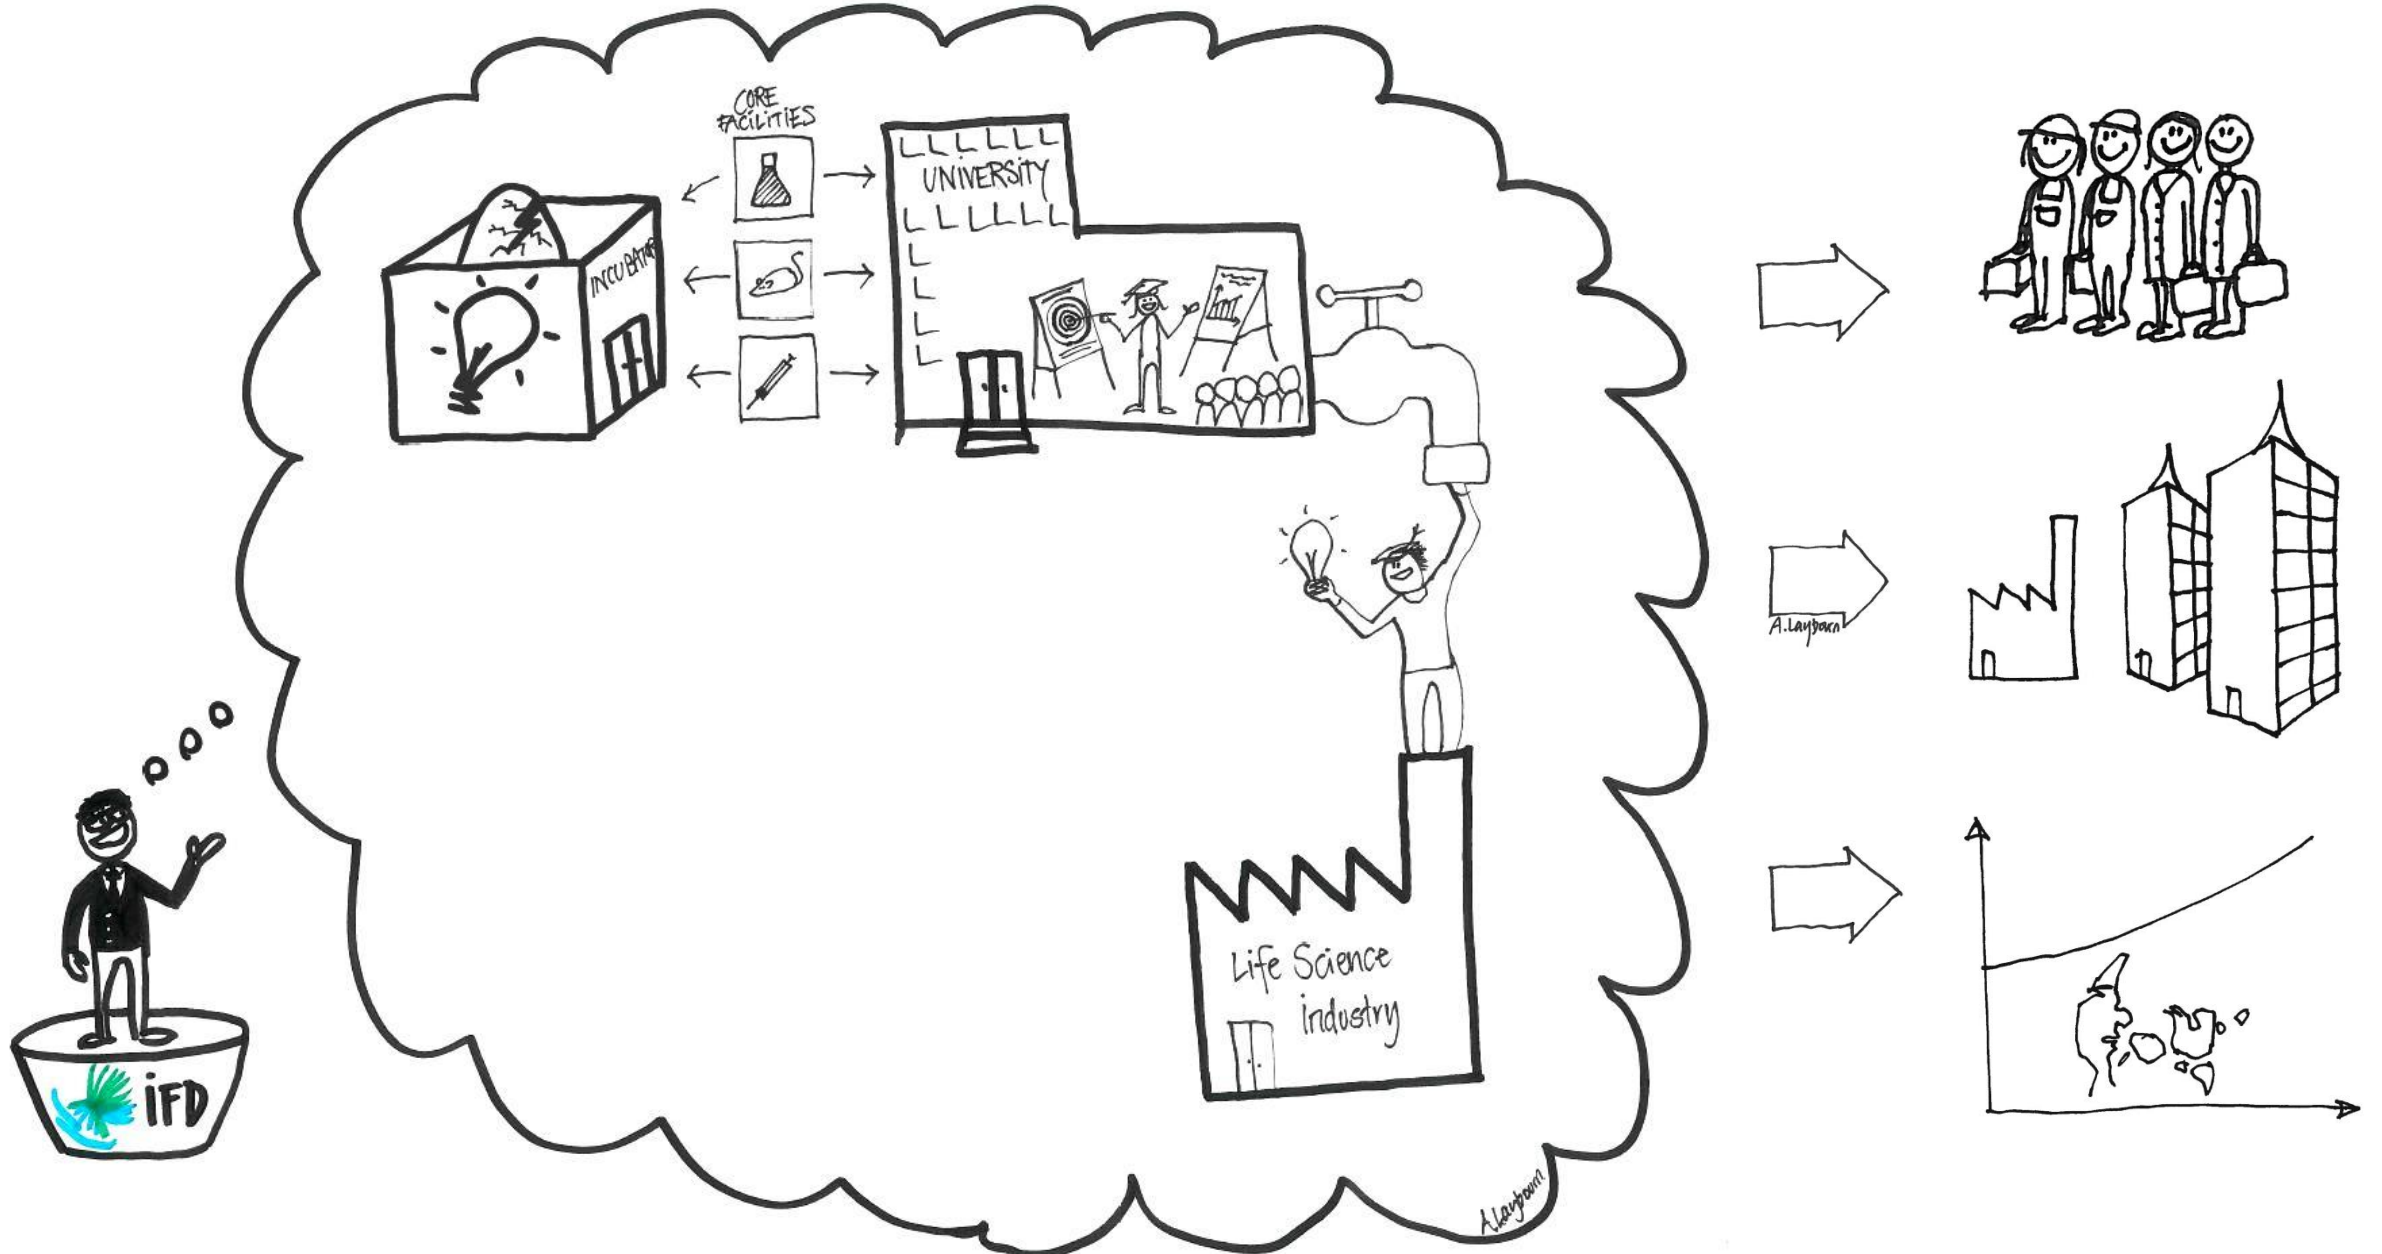

It creates jobs...

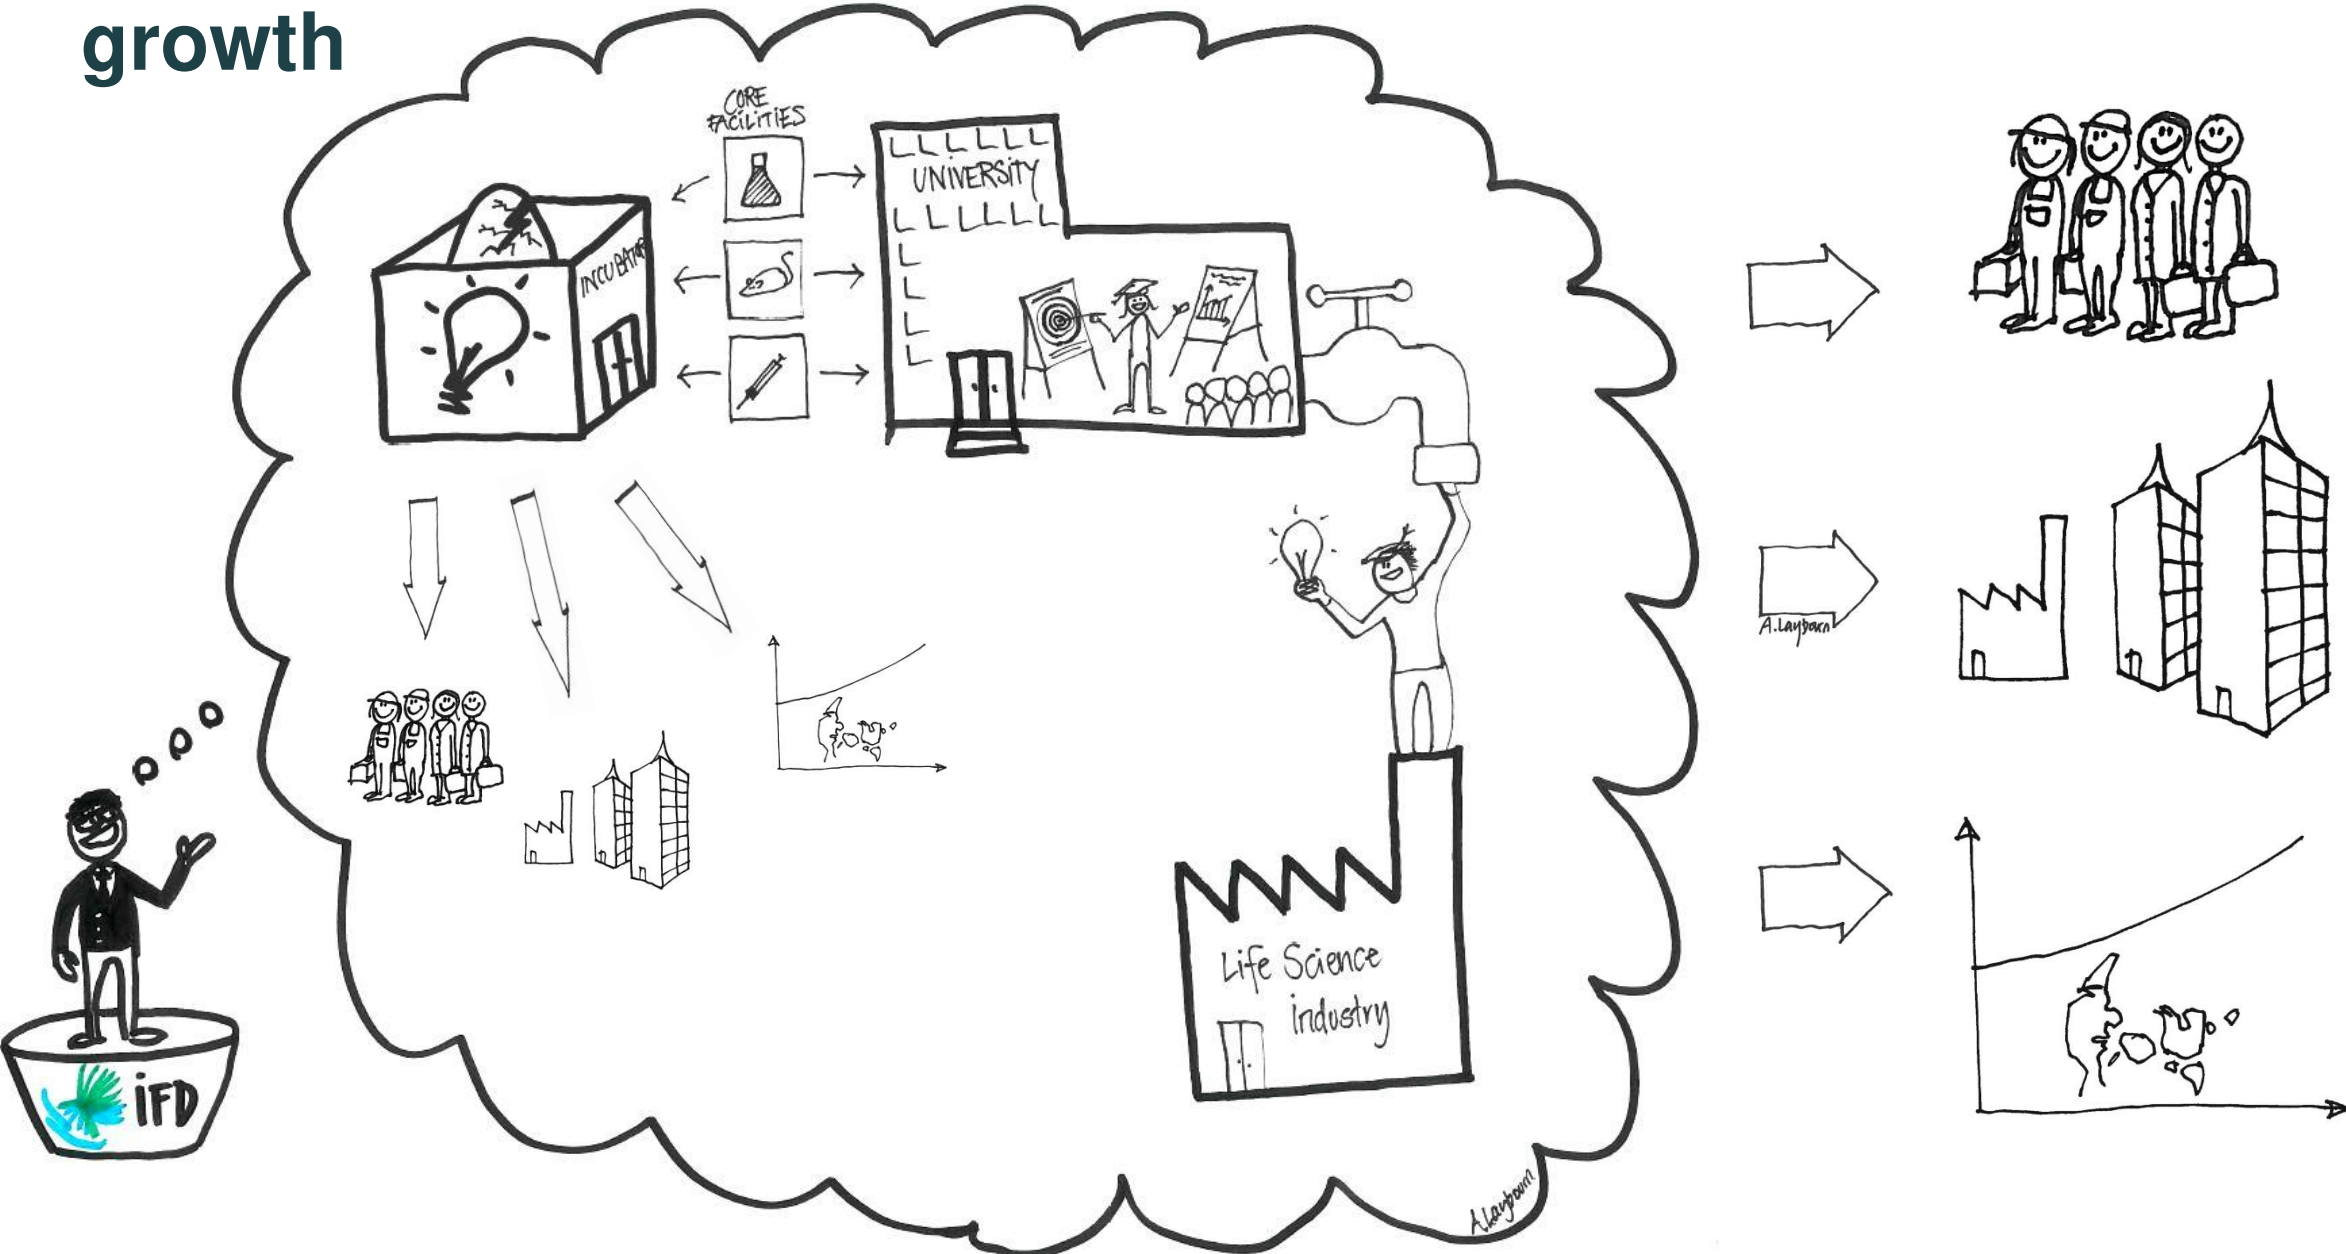

...and new enterprises...

... and growth in Denmark..

The Incubator itself also creates jobs, enterprises and growth

We need you – and your ideas!
