

Karen Scott

Senior Research Fellow,
University of Aberdeen, UK

Biography

I gained my BSc (Hons 2:i) in Biochemistry from the University of Aberdeen before continuing to my PhD (Molecular Biology of plant viruses) at what was then the Scottish Crop Research Institute in Invergowrie, Dundee.

After my PhD I returned to Aberdeen to the Rowett Institute and have been here ever since.

External Responsibilities

I am the vice president of ISAPP (International Scientific Association for Probiotics and Prebiotics)

I am an editor for the Microbiology journal

Invited expert on ILSI expert panel - 'Exploring the role of the major gut microbiota clusters on nutritional and functional benefits of nutrients and nonnutrients'
