How to use Slido

Slido is a simple system which you can use for asking questions to speakers and to follow the discussions among the audience. The moderator will follow the dialogue on Slido and will pick questions to be asked to the speaker after each presentation.

1. **Set up your wifi connection**
   - or you can choose to use your regular tele network provider and skip this step

   Go to settings on your smart phone   **Choose *guest net***
   **Enter your e-mail**

2. **Open your web browser (e.g. Safari/Google Chrome)**

   Type in slido.com
   **Enter the following code: 1726**   **Choose MVA Annual Meeting 2017**

3. Enter your details
   You can skip this step and ask questions/follow discussions as anonymous

4. Ask questions and follow discussions – remember to start with @name of speaker or @name of other participant

   Ask questions   Like a question   Comment on a question
