

Consent to the publication of images and video recordings

Background:

When you participate as a speaker or presenter at an event organised by MVA, we need, in accordance with an EU regulation, your consent to publish images and/or video recordings of you on our websites, in newsletters and other electronic professional media – as well as in printed media.

The purpose is to facilitate communication for other guests and partners on the one hand, and for marketing purposes on the other. In light of this, we request your consent to the publication.

You may, at any time, withdraw your consent, after which we will no longer have images of you publicly accessible. If we have another legal basis, we will continue to be able to process the images of you. A withdrawal of consent will also not affect the legality of the publication which we have made prior to the withdrawal.

At the same time, we point out our general rules for collecting and storing personal data which you can read more about at <http://mva.org/about-mva/regulatory-matters/>.

Statement of consent:

I hereby give my consent that Medicon Valley Alliance may publish images, video recordings, my official CV and biography on the internet so that meeting participants, contact persons and cooperating partners can recognise and relate to the event, as well as for general promotion of the event.

The consent may be given by copying the above consent text into an e-mail or filling in the fields below and then returning the entire document – which in both cases is to be e-mailed to mva@mva.org.
