In collaboration with GE

**It's not where you start your
innovation journey that
counts. It's where you finish it.**

A close-up photograph of a scientist's hands in blue nitrile gloves. The scientist is holding a white multi-well plate. In the background, there is a rack containing several orange-tipped microcentrifuge tubes. The scene is set in a laboratory environment.

A national hub for molecular biosciences in Sweden.

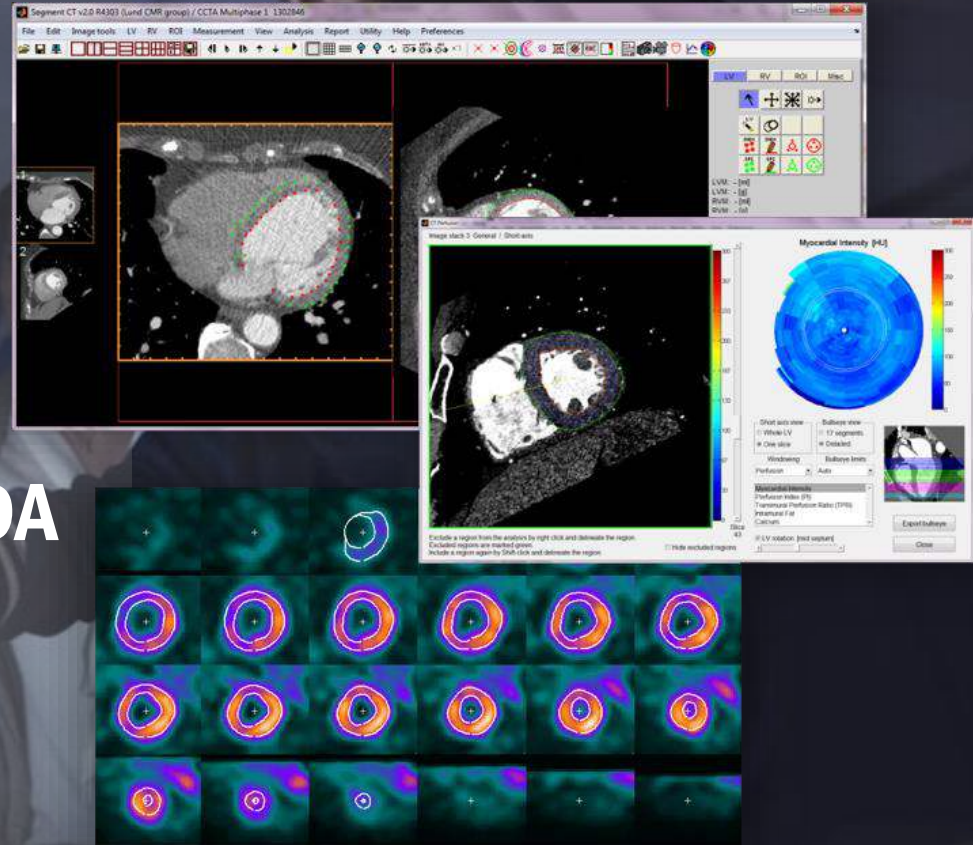

SciLifeLab is a national resource of unique technologies and expertise available to life scientists, closely intertwined with our community of researchers in biomedicine, ecology and evolution. We bring scientists together across traditional boundaries and foster collaborations with industry, health care, public research organizations and international partners.

Genomic Medicine Sweden

*To get the **right** diagnosis and to give
the **right** treatment to the **right** patient*

Analytic Imaging Diagnostics Arena, AIDA

AI INNOVATION of Sweden
