

Magnus Corfitzen

CEO
Ascelia Pharma

Magnus Corfitzen has extensive experience from investing, building and growing Life Science companies in various roles including operational activities or investment responsibilities for public and private biotech and medtech companies.

Magnus has board experience from a number of Life Science companies and has previously been Investment Director at Sunstone Capital A/S and Investment Director at Vækstfonden (the Danish Growth Fund).

Prior to entering the healthcare venture capital field, he was a Portfolio Manager at Danske Capital with responsibility for investments into listed biotech and MedTech companies and he started his career at McKinsey & Company.

Magnus is board member of Ascelia Inventive AB and CEO of Oncoral Pharma ApS.
