

Daniel Seisdedos

Clinical Project Manager (CPM II)
PCG Clinical Services

Biography

Daniel Seisdedos, Clinical Project Manager and PCG Clinical Services’ Safety Team Lead. Daniel’s experience covers all phases of clinical investigations and trials from first in man to post marketing, and includes many different roles and functions like Monitoring & Project Management.

Daniel joined PCG Clinical Services ten (10) years ago and has grown together with the company. Daniels strength is his deep understanding of the clinical trial setting and to communicate with small companies, guiding them through the sometimes-complicated world of clinical trials.
