

**Maria Axetun**

Project Management Viedoc Trials  
PCG Clinical Services

**Biography**

Maria Axetun joined PCG Clinical Services in 2016 and her current position is Project Manager in Viedoc Trials. She has almost ten year of experience within all phases of clinical trials and clinical investigations. Her expertise is eCRF design/setup and EDC administration but she has also great experience in process development, data validation, programming, coding, clean file and quality control. Maria contributes with input to the design of the eCRF to get the best value of the data collected.
