

Consent to the publication of images and video recordings

Background:

In connection with administering the EU project ReprOUnion, Medicon Valley Alliance needs your consent to publish images of you on the project's websites for the purpose of facilitating communication for parties interested in the project and cooperating partners.

Image or video recordings of you participating in a ReprOUnion-related event, for example, or appearing in a recording about your research project may also be used for the purpose of communications, e.g. in ReprOUnion's newsletters or presentations in academically relevant and professional social media.

In light of this, we request your consent to the publication.

You may, at any time, withdraw your consent, after which we will no longer have images of you publicly accessible. If we have another legal basis, we will continue to be able to process the images of you. A withdrawal of consent will also not affect the legality of the publication which we have made prior to the withdrawal.

Statement of consent:

I hereby give my consent that on behalf of ReprOUnion, Medicon Valley Alliance may publish images, video recordings, my official CV and biography on the internet so that meeting participants, contact persons and cooperating partners can recognise and relate me to the project, as well as to disseminate information about ReprOUnion.

The consent may be given by copying the above consent text into an e-mail or filling in the fields below and then returning the entire document – which in both cases is to be e-mailed to info@reprounion.eu.
