# Sweden Drug Delivery Industry Group

Smart drug delivery is used to improve medicine efficacy, facilitate a better safety profile and to raise patient adherence. We need to raise the awareness of the value of innovative drug delivery.

In 2016, Sweden Drug Delivery Industry Group (SDDIG) was formed by 10 innovative life science companies to facilitate better collaboration and explain what drug delivery can do for the industry, patients and society

# Vision & Mission

“Sweden to be among the top countries in the world in generating value from drug delivery, underpinning an innovative & competitive life science industry”

- Communicate the value of drug delivery and influence stakeholders
- Collaborate to create a vibrant drug delivery environment in Sweden
- Support initiatives on drug delivery value creation

# Activities

<https://www.linkedin.com/groups/12063295>

The screenshot shows a LinkedIn group page for the 'Sweden Drug Delivery Industry Group'. At the top, there is a navigation bar with icons for Home, My Network, Jobs, Messaging, Notifications (6), Me, and Work. Below the navigation bar, there is a banner for 'Binance.! - Create a free account..! Start to Earn Money Easily' with an 'Ad' label. The group's profile section includes the group name 'Sweden Drug Delivery Industry Group', a 'Listed group' badge, and a '127 members' count. A row of member avatars is shown, followed by an 'Invite connections' button. Below this is the 'About this group' section, which describes the group as an industry network for Swedish companies involved in drug delivery. The 'Group admin' section lists 'Jonas Johansson' as the 'Owner' and 'Director of Science & Innovation at AstraZeneca R&D'. A 'Promoted' section features three advertisements: 'Binance.!', 'DIY CRISPR is Hard', and 'Pharmacokinetic Assays'. At the bottom, there are links for 'About', 'Help Center', 'Privacy & Terms', 'Advertising', 'Business Services', 'Get the LinkedIn app', and 'More'. The footer includes the LinkedIn logo and 'LinkedIn Corporation © 2020'.

"New updates in Drug Formulation & Bioavailability" · 1 page

Dear all,

If possible please join the upcoming "New updates in Drug Formulation & Bioavailability" at MVA in Copenhagen April 1<sup>st</sup> 2020.

Topics during the event will include:

- Formulation development design space
- Improving bioavailability of poorly soluble compounds
- Controlled and modified release technologies
- Out-sourcing and in-licensing
- Exploring different routes of administration in enhancing macromolecule delivery

Please register at: <http://mva.org/event/new-updates-in-drug-formulation-bioavailability-5/>
