NEED HELP ACCESSING THE EVENT?

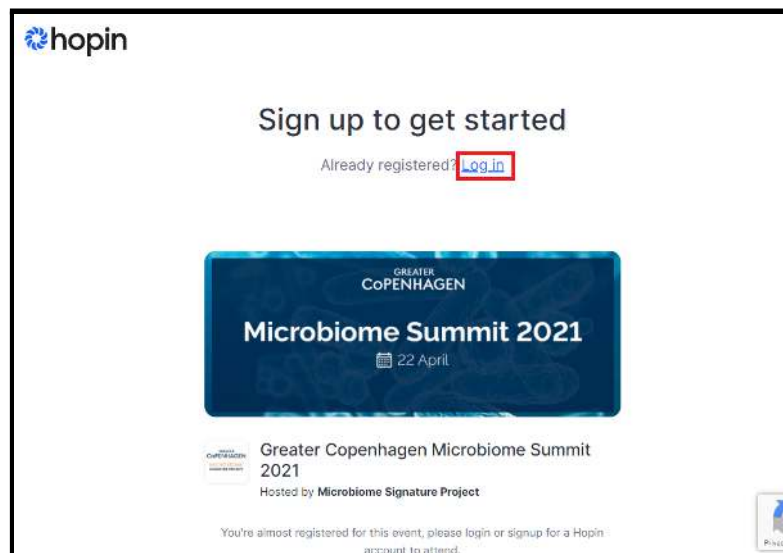

Here are some troubleshooting tips

1. Ensure that you are registered on the Hopin platform

1. Go to the event link on Hopin: <https://hopin.com/events/microbiomesummit2021>
2. Click "**Join event**" (the blue button on the right).

3. **If you have a Hopin account**, you can sign in by clicking "Log in". Once you have signed into your Hopin account, you will automatically be registered for the conference.

If you are unsure of your password for your Hopin account, you can generate a new one here: <https://hopin.com/users/password/new>

GREATER
CoPENHAGEN
Microbiome Summit 2021

If you do not have an account on Hopin, you will be asked to provide your name, email and password to register for one.

The screenshot shows a web browser window with the URL 'hopin.com/sign_up'. The main heading is 'GREATER CoPENHAGEN Microbiome Summit 2021' with the date '22 April'. Below this, it says 'Greater Copenhagen Microbiome Summit 2021 Hosted by Microbiome Signature Project'. A message states: 'You're almost registered for this event, please login or signup for a Hopin account to attend.' The registration form includes the following fields:

- First name (Required)
- Last name (Required)
- Email address (Required)
- Password (Required)

A note below the password field states: 'Password must be at least 6 characters'. At the bottom of the form, there is a link: 'I Agree To Hopin Terms & Conditions, Platform Terms & Conditions And...'

Alternatively, you can register with other social services (such as Facebook or LinkedIn) by clicking on their button at the bottom.

4. You will receive an email confirming your registration on Hopin and with a link to the event.

2. Use Google Chrome or Firefox as your Internet browser

Before diving into the platform, we recommend you use the latest version of either [Google Chrome](#) or [Firefox](#) to guarantee the best experience. If possible, please try to avoid using Brave, Safari, Microsoft IE or Edge. These browsers may lack the modern web technology support necessary for online events to run in a web browser.

As an additional note, sometimes third-party extensions can affect the experience, blocking some of the Hopin interface elements. To avoid this, we also recommend opening the event in **Incognito mode** on Chrome (command+Shift+N on macOS or Ctrl+Shift+N on Windows) or **Private tab** on Firefox (command+Shift+P for macOS or Ctrl+Shift+P for Windows).

3. Unsure of how to navigate Hopin?

Check out our detailed attendee guide [here](#).

**WE LOOK FORWARD TO SEEING YOU AT THE
GREATER COPENHAGEN MICROBIOME SUMMIT!**
