Clinical Trials Denmark

Trial Nation - A Part of the Clinical Research Ecosystem

Marianne Pilgaard
CEO Trial Nation

Topics

1. Denmark and Trial Nation
2. Opportunities and barriers for cross-border collaboration
3. The road ahead

Topic

1. Denmark and Trial Nation

Denmark

- ♥ **5,8 million people**
- ♥ **Outstanding clinical competencies**
- ♥ **Extensive, saturated, longitudinal (health) data**
- ♥ **”Central Person Register” Unique 10 digit identifier linked to each individual – since 1968**
- ♥ **CPR linked EMR system - from cradle to grave**
- ♥ **160 additional CPR linked health registries**
- ♥ **National biobank w/ 22mio CPR linked samples**

Trial Nation

A Danish publically funded non-profit political initiative
pursuing the benefits of clinical trials

We relay stakeholder perspectives and
connect business with clinics

Scope of activity

Maintain and develop disease specific networks with excellent track-records of industry collaboration.

Address barriers.

Promote Danish clinical research capabilities.

Inform about the synergies of clinical trials.

Trial Nation Vision

We pave the way to a future where:

Patients enjoy stronger sustainable health
driven by fast access to cutting-edge medicine
and medical technology

Health care professionals save more lives
and promote stronger health
by always having state-of-the-art medical research
and the latest discoveries right at their hand

Through clinical research we create a better health
and wealth for Denmark

Topics

2. Opportunities and barriers for cross-border collaboration

Trial Nation

We relay feasibilities within all disease areas
to all Danish Clinical Trial Units and we
support clinical trial infrastructure in **~40
Clinical Trial Units across Denmark**

Currently we develop several tools to
increase equal access to clinical trials.

We see an opportunity for attracting clinical
trials and hence providing patients with more
options: **Increasing population base.**

Topic

3. The road ahead

A promising road ahead

Support investigator networks

- NECT (Nordic Early Cancer Trials)
- Pediatric speciality

Clinical trials in rare diseases

- Attracting trials and give more options for patients

Patients access to clinical trials

- Larger population base attract trials
- Can leverage outstanding Nordic data
