The Medical Consultation

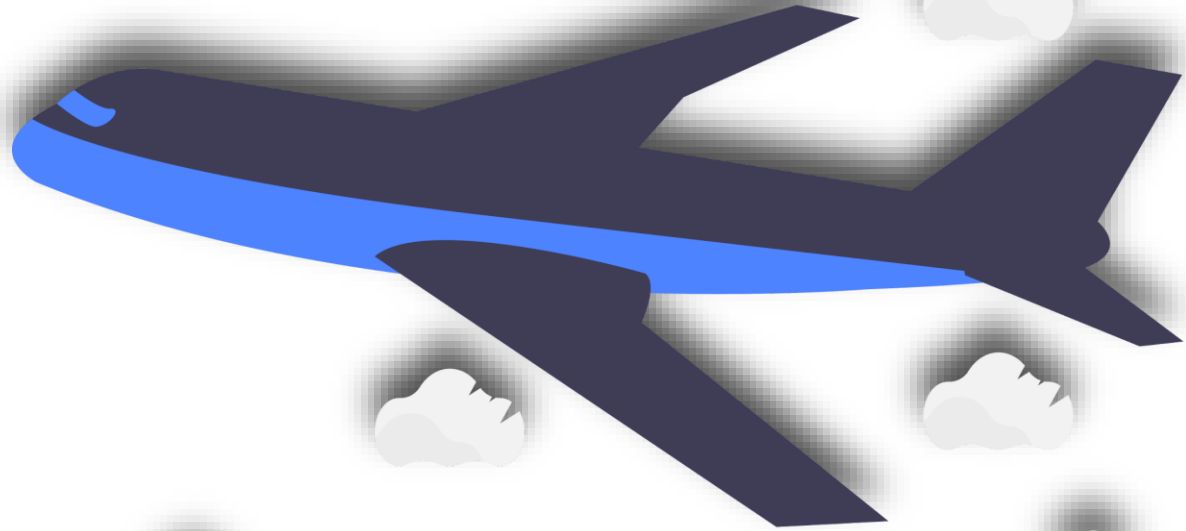

- Face-to-face interaction
- Science + Art
- Intellectual + Emotional
- Quality comes from experience

150,000
patient
consultations

*Kutrz S, Silverman J, Draper J

700
Boeing 747s

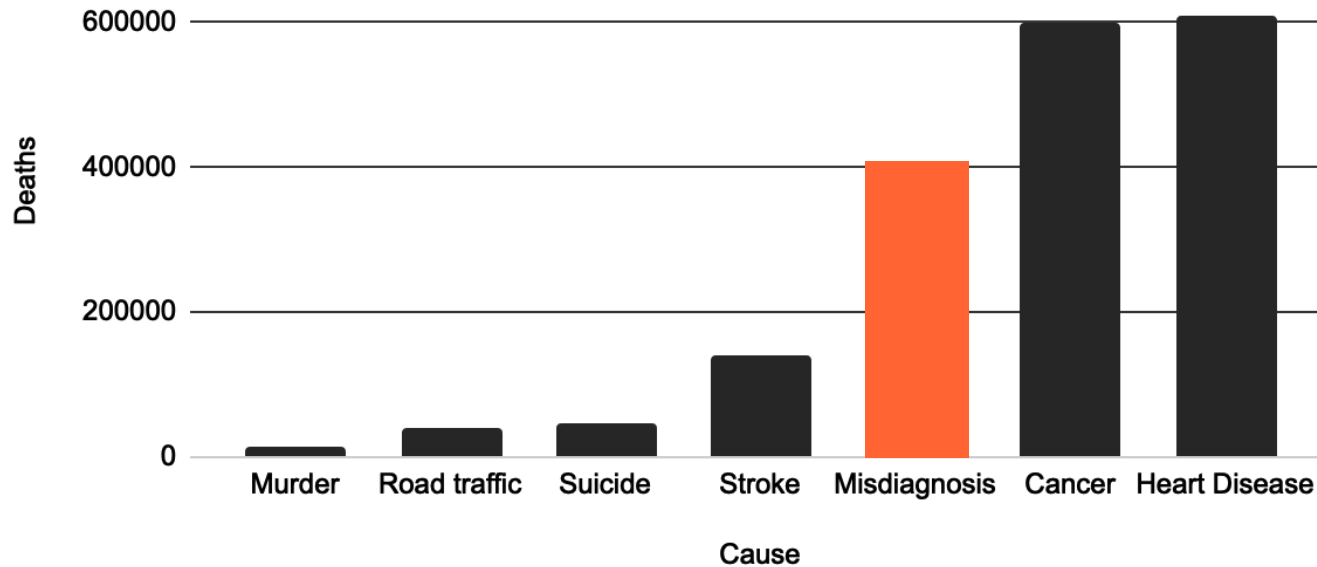

C

Up to 88% of patients triaged

in primary care, get an incorrect or incomplete diagnosis,
which was radically altered by a second opinion.

Leading causes of death in the US

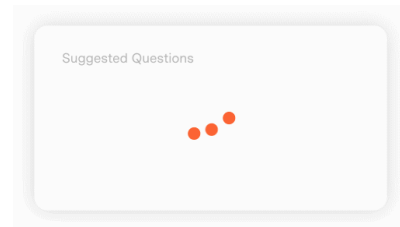

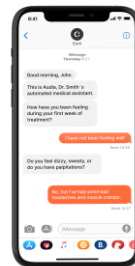

Millions of patient consultations...

- without any quality assurance
- without any feedback loop
- without any second opinion

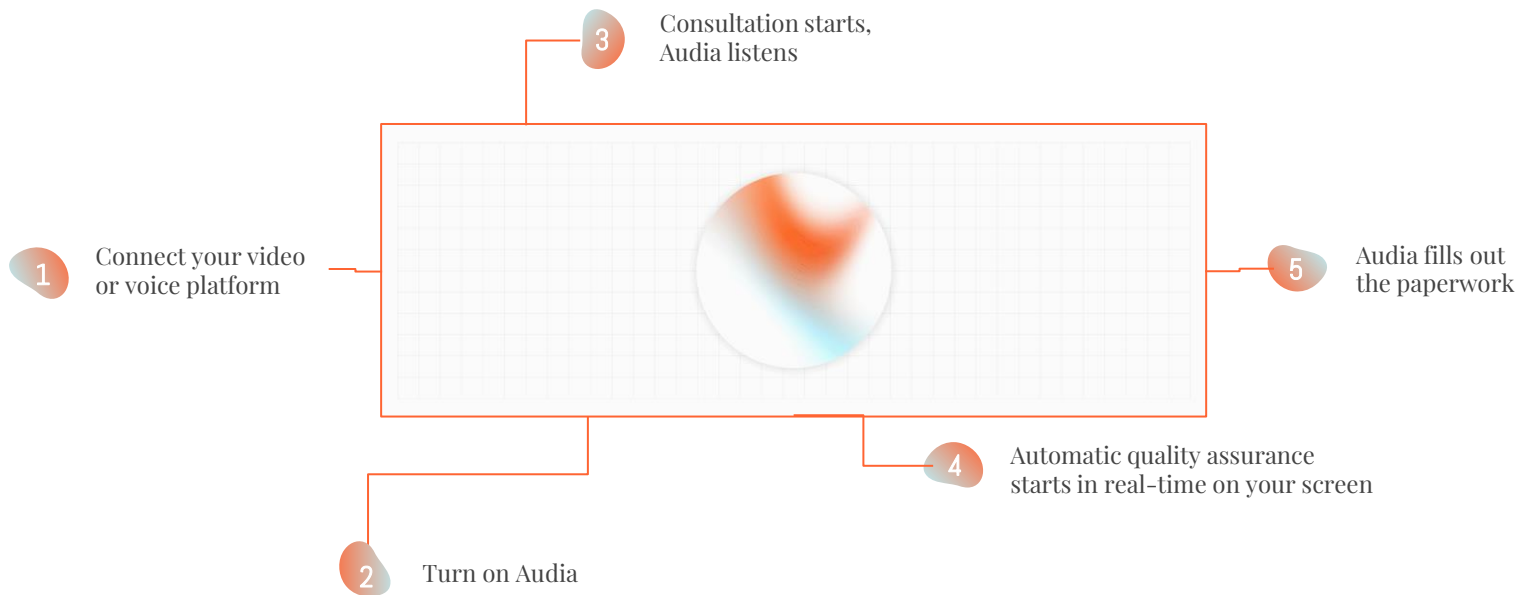

Meet Corit's AI

A clinical assistant powered
by artificial intelligence
that assists during
consultations

How it works

This enables a new kind of workflow

We needed real patient consultations to train the artificial intelligence!

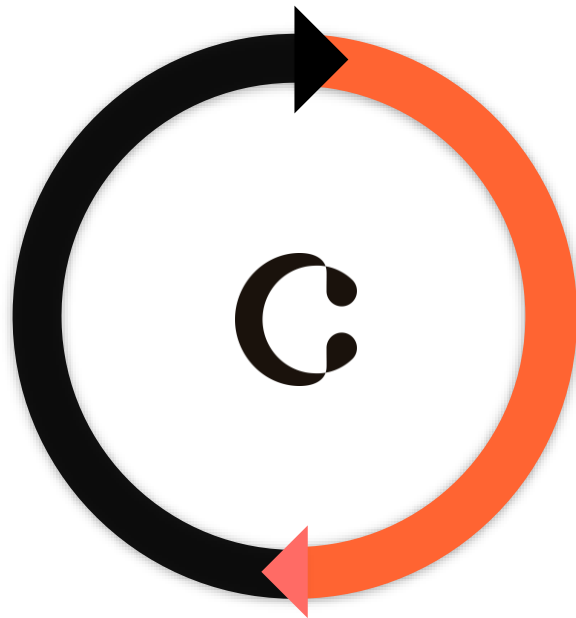

Searching for ground-truth labels

Consultations

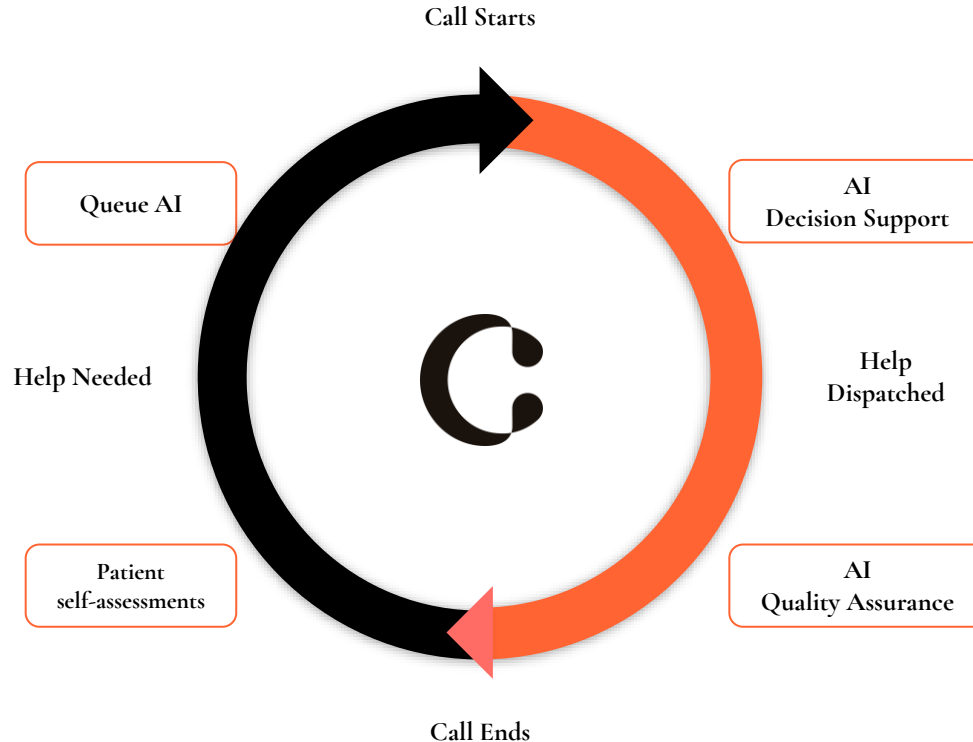

*Every 9-1-1 call or nurse
advice consultation,
across every channel.*

Journals

*every patient journal from
tested patients,
across every channel.*

We ended up becoming more proactive

Clinical trial proved Corti's potential

Results confirmed that augmentation of emergency consultations has the potential to save thousands of lives, clinically validating the solution for emergency medicine.

43%

Fewer errors when detecting critical diseases.

92%

Corti helps medics **stick to the protocol** in 92% of the consultations.

25%

Faster when triaging a patient during an emergency call.

Since the trial, the global top 5 emergency service departments joined

SOS Alarm 1-1-2

St. John 0-0-0

Copenhagen EMS 1-1-2

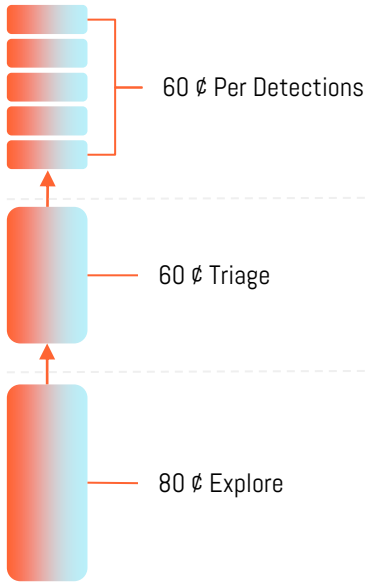

Boston Global EMS 9-1-1

Seattle Fire & Rescue 9-1-1

We capture a small part of the value of a consultation,
but we offer gains in time, churn, energy, and reduced risk

Stacking ARR per consultation

Customer value

*Support every front-line staffer in
critical decisions*

*Equip all front-line staff to reach a
new level of performance*

*Instantly give managers 10x faster
workflows and 100x more transparency*

Additional Market Size

(virtual consultations x \$ per
consultation)

\$14b

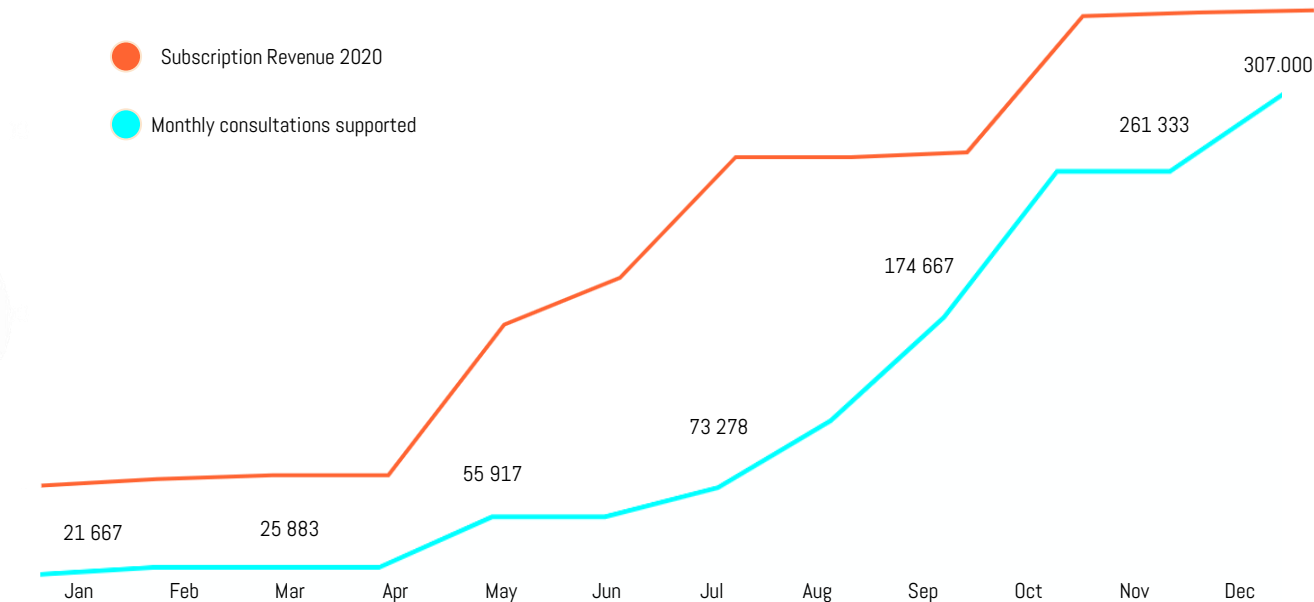

\$9,8b

\$5,6b

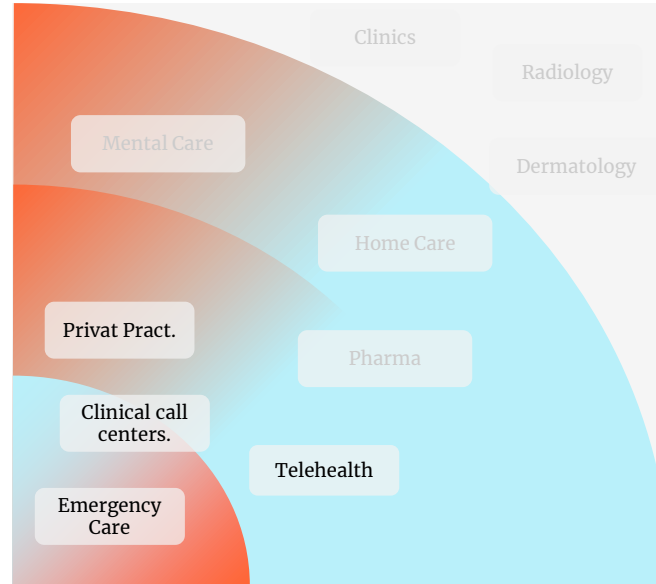

2020 was Corti's breakout year

We proved our business model and covered millions of patients

2021 expansion

Corti is slowly expanding to all consultations

Thanks!
