NORDIC HEALTHCARE INNOVATION PAVILION

ABOUT GIANT HEALTH

GIANT Health is the UK's largest and most valuable NHS innovation and technology event. Established for 10 years the GIANT Health event convenes a national audience of NHS leaders and hospital decision makers.

The GIANT Health Event is the most cost effective and impactful platform for Nordic businesses to engage with the leaders of the UK healthcare sector. GIANT Health is sponsored by the Canadian government, and French government bring medtech companies to exhibit at the GIANT health event to boost their marketing communications and business development opportunities selling into the £190 billion UK health sector.

Partnership opportunities

The package would be a comprehensive trade mission to London revolving around exhibiting at the GIANT health event: including tours of hospitals in London, meetings with professional advisory organizations that can help Nordic businesses sell into the UK, sightseeing in London and entertainment.

Sample Nordic partnership:

we provide each company with a £7,500 complete trade mission package, discounted to £5,750 as members of the Medicon Valley Alliance.

Who have we work with? Example partners:
